FROM: Peter G. Peterson

SUBJECT: Assignment of [] to the
Council on International Economic Policy

25X1

The assignment of [] from your Office of Economic Research to serve on the Council on International Economic Policy has proven to be most helpful both to me and to the Council. Over the past eight months, [] has demonstrated his ability to contribute significantly to my Work Program as well as other tasks for the Council. He is currently supervising several key interdepartmental studies. His knowledge of your Agency's capabilities and his perception of the role that economic intelligence can play in policy formulation is of great value in assisting me to advise the President on his New Economic Policy.

25X1

I would be most pleased to have [] extend his assignment on the Council for an additional year. I strongly concur in the recommendation forwarded to Maurice Ernst by Deane Hinton, Associate Director of the Council on International Economic Policy, that [] be promptly promoted [] in recognition of his past service and demonstrated potential.
